

MASTERPLAST Nyilvánosan Működő Részvénytársaság (8143 Sárszentmihály, Árpád u. 1/A., hereinafter "the Company") hereby informs its honorable Investors that the Company is acquiring a plant in Aschersleben (Germany, Saxony-Anhalt Province) from a recognized German building material manufacturer and for this purpose concluded an agreement on 12 March 2020. The agreement covers the assignment of all rights and obligations relating to the plant, including, but not limited to, real estate assets, inventory, sales and supplier contracts, production lines and certain intellectual property rights (eg. regarding to trademarks). The main activity of the plant is the production of diffusion foils for building material industry as well as industrial membranes on its proprietary production line.

The Company will notify the honorable Investors of the details of the transaction after signing the full package of contracts.
