Masterplast Nyilvánosan Működő Részvénytársaság (seat: 8143 Sárszentmihály, Árpád u. 1/A., company registration number 07-10-001342, hereinafter referred to as the Company, or the Issuer) hereby informs the Investors that by Resolution No. H-PJ-III-B-12/2022 dated 22 June 2022 and received on 23 June 2022 in the MNB's authenticated electronic receipt system (ERA), the Magyar Nemzeti Bank (MNB) has issued the following decision in the context of the exercise of its continuing supervision over the Company:

I.   The MNB prohibits the Issuer from repeatedly breaching the legal provisions of the EU market abuse regulation on public disclosure of inside information at the first opportunity.

II. The MNB obliges the Issuer to pay a supervisory fine of HUF 5.000.000,- i.e. five million forints for breaching the legal provisions of the EU market abuse regulation on public disclosure of inside information.

The Company would like to inform the Investors that the above sanctions were imposed in connection with the incorrect determination of the date of origin of the inside information. This is the first time that the MNB has imposed a sanction on the Company, which has been listed on the stock exchange for 11 years, in connection with the application of the MAR rules. In the MNB's view, prior to disclosure, the Issuer had incorrectly established the date of the origin of the inside information, as the information (investment) subject to disclosure was created by the decision of the Issuer.

The MNB considered the sanctions set out in the operative part to be necessary and sufficient measures to achieve its enforcement objective of ensuring that the Issuer, and indirectly all capital market participants, pay increased attention to the full enforcement of the rules and principles set out in MAR in their future capital market activities.
